A. TRANSITIONAL PROVISIONS

CAUTION: These transitional provisions apply only to Vernon County.

Services: Those services subject to the 5% state sales tax are not subject to the Vernon county tax if the services are billed to the customer and paid for before January 1, 1997, regardless of whether the service is furnished to the customer before or after January 1, 1997. Services furnished before January 1, 1997 are not subject to Vernon county tax even though the services are billed or the customer pays on or after January 1, 1997.

Rentals: The lessor's rental receipts from tangible personal property that the lessor is obligated to furnish at a fixed price under a contract entered into before January 1, 1997, are not subject to the Vernon county sales tax until the contract is terminated, extended, renewed, or modified. However, the lessee is subject to the Vernon county use tax on these lease or rental receipts beginning on or after January 1, 1997, except when the lessor voluntarily reports the tax on such receipts for the convenience of the customer or when the lessor collects the tax because the contract is modified.

Contractors: Sales of building materials to contractors engaged in the business of constructing, altering, repairing, or improving real estate for others are not subject to the Vernon county tax if (a) the materials are affixed and are made a structural part of real estate, and (b) the amount payable to the contractor is fixed without regard to the costs incurred in performing a written contract that was irrevocably entered into prior to January 1, 1997, or that resulted from the acceptance of a formal written bid accompanied by a bond or other performance guaranty that was irrevocably submitted before January 1, 1997.
